

**Tiara Yacht  
Holland, Michigan**

Sue Kane, Project Manager

**ISSUES**

- ◆ Developing customizable interior design packages for luxury yachts.
- ◆ Satisfying customer requirements for beauty and sophistication as well as durability and safety.
- ◆ Choosing versatile, functional materials that will meet the exacting standards and specifications of Tiara Yacht both above and below deck.

**CHALLENGES**

- ◆ Selecting materials that can endure exposure to the elements without the risk of wear and fading.
- ◆ Providing safety in small areas requires materials that are easily formable and can be finished with smooth edges.
- ◆ Finding design elements that provide luxury, style and practicality in unique spaces.

**SOLUTIONS**

- ◆ Corian® offers a wide range of colors that are renewable and resistant to the harsh effects of a marine environment.
- ◆ With the ability to create distinctive, smooth edges, Corian® provides safety and functionality in a variety of applications including countertops in the galley; easy-to-move tabletops throughout; and flooring, walls and countertops in the head (restroom area). Corian® can be fabricated to meet ADA requirements for use.
- ◆ Corian® is nonporous, stain-resistant and easy to maintain, making it a practical, timesaving material for boating use.

**BENEFITS**

- ◆ The technology behind Corian® provides durability and easy maintenance adding significant long-term value for yacht owners.
- ◆ Corian® ensures high levels of comfort, livability and safety ensuring reliable operation of these vessels.
- ◆ Versatile Corian® surfaces bring both superior function and style to a variety of nautical environments.
- ◆ With over 100 colors, Corian® provides endless design options for custom packages.

---

## Corian® is...

### NONPOROUS

Will not support the growth of mold, mildew or microorganisms

### EASY TO CLEAN

No grout or seam gaps to trap dirt

### STAIN-RESISTANT

Stains can't permeate and are easily removed

### DURABLE

Tough and long-lasting so it stands up to heavy use

### COMPATIBLE

Works well with a variety of other materials

### RENEWABLE

Marks and scratches can be easily removed to restore it to its original condition

### CODE COMPLIANT

Can be molded and formed with no sharp edges or corners for ADA compliance

### WARM AND INVITING TO THE TOUCH

The practical surface material that creates a unique, beautiful statement

### STYLISH

Over 100 colors—more than any other solid surface—plus custom color options

### WEATHERABILITY

Any sign of sun damage can be easily renewed with minor buffing

# the perfect surface for marine applications.
