

Exeter Senior High School, Reading, PA

Larry Prescott, Project Architect; Kelly Groom, Interior Designer; Gilbert Architects

Fabricator: Henry H. Ross & Son, Inc., Lititz, PA (717) 626-6268

ISSUES

- ◆ Renovating the school to accommodate the population growth of Exeter Township.
- ◆ Working within a limited budget to create a uniform look between the existing design and the improved administrative offices, lobbies, desk tops, classrooms, instruction room, cafeteria, science labs, library and music suite.
- ◆ Choosing a durable, versatile wall cladding material that stands up to the daily wear and tear of high school hallways and lobbies.

CHALLENGES

- ◆ Successfully blending the style of the existing lobby areas with surrounding walls and décor.
- ◆ Constructing new columns and column bases to form a consistent look throughout the school's existing décor.
- ◆ Identifying a cost-effective, high-performance substitute for floor-to-ceiling wall panels.

SOLUTIONS

- ◆ Choosing a surfacing material with a vast color selection to match the current wall cladding and achieve design continuity throughout the building.
- ◆ Identifying a product with the design flexibility to seamlessly reconstruct defects in existing wall panels.
- ◆ Selecting a surface that is durable, cost-effective and easy to maintain.

BENEFITS

- ◆ With more than 120 colors, a variety of aesthetics, and an attractive, seamless appearance, DuPont™ Corian® solid surfaces offer endless design options.
- ◆ Corian® is a low-maintenance material that offers a long-term, cost-effective solution for high-traffic areas.
- ◆ The versatility of Corian® allows for unlimited design flexibility, in this case, to create custom columns and column bases, edge treatments, wall cladding and other design details.

The miracles of science™

The beauty of Corian® in education.

From heavily used college cafeterias to high-traffic lobbies and classrooms, there's always a place for DuPont™ Corian® in educational facilities. This durable and easy-to-clean solid surface stands up to a variety of institutional challenges and creates signature styles with lasting good looks.

Education facilities have a wide range of applications for Corian®:

- ◆ Service counters in admissions, administrations and bursar offices
- ◆ Dormitory and public shower surrounds
- ◆ Interior columns, staircases and railings
- ◆ Work surfaces in labs and classrooms
- ◆ Wall cladding in lobbies, entryways, elevators and corridors
- ◆ Windowsills, molding and wainscoting
- ◆ Desk and tabletops in student and faculty areas
- ◆ Cafeterias and dining halls—hot and cold buffets, cooking stations and salad bars
- ◆ Restroom vanities and partition systems

Corian® is...

STYLISH

Over 120 colors – more than any other solid surface – plus custom color options

EASY TO CLEAN

No grout or seam gaps to trap soil

STAIN-RESISTANT

Stains can't permeate and are easily removed

HEAT-RESISTANT

Meets industry standards

NONPOROUS

Does not support the growth of mold, mildew or bacteria

DURABLE

Tough and long-lasting, so it stands up to heavy use

RENEWABLE

Marks and scratches can be easily removed to restore it to its original condition

AIR-QUALITY FRIENDLY

GREENGUARD Indoor Air Quality Certified® to support good indoor air quality and GREENGUARD For Children & Schools™ Certified as a low-emitting interior building material used in educational (daycare and K-12) environments

CODE COMPLIANT

NSF/ANSI 51 food contact Certified and Class 1 (A) fire rated

VERSATILE

Can be used in a wide range of unique and distinctive applications

WARM AND INVITING TO THE TOUCH

The practical surface material that creates a unique, beautiful statement

...the perfect surface for
education environments.
