ISSUES
◆ Creating an inspirational, whimsical retail atmosphere that reflects “the sweetness of life” of the Hershey’s brand.
◆ Identifying surfacing options that play both functional and design roles for the store’s bakery cabinet tops and food service counters.
◆ Choosing durable, versatile materials that accommodate custom applications.

CHALLENGES
◆ After facing problems with laminate in the past, the facility managers sought higher-performing surfaces for the high-traffic retail shop.
◆ Specifying materials that offer aesthetics that convey Hershey’s iconic brand name.
◆ Selecting surfacing materials that are durable, easy to maintain and add color and flair to the establishment.

SOLUTIONS
◆ Corian® and Zodiaq® are nonporous, do not support the growth of mold, mildew or bacteria and are easy to maintain, making them ideal for retail and food service areas that may need to be wiped clean hundreds of times a day.
◆ Corian® and Zodiaq® offer a myriad of custom design options such as edge treatments and inlays.
◆ Corian® and Zodiaq® are NSF/ANSI 51 Certified for food contact and Class 1 (A) fire rated according to ASTM E84 – making them extremely functional for commercial food service applications.

BENEFITS
◆ Corian® and Zodiaq® are resistant to spills, stains, chips and scratches caused by constant use.
◆ With unmatched durability, an extensive color palette and endless fabrication options, Corian® and Zodiaq® are the most versatile surface materials available.
◆ DuPont Surfaces are available in more than 140 colors ranging from soft natural hues to those not found in nature.
